

2010 IES South Region Conference

March 21-23, 2010

Tupelo, Ms.

“Sustainable Strategies That Improve Building Efficiency - Leveraging Lighting”

The South Region of the Illuminating Engineering Society, together with support from the North Mississippi Branch of the USGBC, invite you to an education conference to be held March 21-23, at the BancorpSouth Conference Center in Tupelo, Ms.

Speakers from throughout the South will share their expertise and knowledge, giving insight on new sustainability developments and how to leverage lighting as a critical energy management tool.

AIA/CES, IES (CEU's), and USGBC (CE's) Available
